

Dear Distributor:

We are pleased to offer you, as a safety supply distributor, an opportunity to test our Calibration Gas without cost. We are making this *no obligation* offer because we are confident that you will find our product to be of the highest quality.

Additionally, we are proud to introduce our new Private Label program. This program offers you the opportunity to sell calibration gas and accessories under you own name. For more information on the program, refer to the flyer that accompanied this letter.

All that we ask in return is a little information about your company and your mailing instructions. Also, we will require a sample of your logo if you wish to receive your sample with your own private label attached.

Simply complete the form below and **fax it back to 586-840-3226**.

Yes! I want a Free sample of your Calibration Gas, please send it to:

Company: _____
Attention: _____
Address: _____
City, State, Zip _____
Your Name: _____
